

Article Information Sheet

This Article Information Sheet is provided as a service for our customers. An SDS has not been developed as these products meet the Occupational Safety and Health Administration's (OSHA) definition of "Article" which does not require an SDS per regulation 29 CFR 1910.1200(b)(6)(iv). An "Article" has been defined by OSHA as "a manufactured item: (i) which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which does not release, or otherwise result in exposure to, a hazardous chemical under normal conditions of use."

SECTION 1: Identification

1.1 Product Identifier

Plastic Parts Inc Face Shield (FS2020)

1.2 Recommended use and restrictions on use

Recommended for use in conjunction with other PPE as part of infection control practices

1.3 Supplier's details

Manufacturer: Plastic Parts Inc
Address: 1300 Industrial Park Dr., Union Grove, WI 53182
Telephone: 262-878-3776

1.4 Emergency telephone number

262-878-3776

SECTION 2: Hazard Identification

This product is exempt from hazard classification in accordance with OSHA Hazard Communication Standard, 29 CFR 1910.1200.

SECTION 3: Composition/Information on Ingredients

Ingredient	Composition %	C.A.S. Number
Polypropylene	20-40	None
Polyethylene terephthalate	50-60	None
Latex Free TPE	5-15	None

SECTION 4: First Aid Measures

4.1 Description of first aid measures

Inhalation:

No need for first aid is anticipated with regular use

Skin Contact:

No need for first aid is anticipated with regular use

Eye Contact:

No need for first aid is anticipated with regular use

If Swallowed:

No need for first aid is anticipated with regular use

SECTION 5: Fire-fighting Measures

In Case of Fire: Use a fire fighting agent suitable for ordinary combustible material (class A or class ABC extinguishers) such as water or foam.

SECTION 6: Accidental Release Measures**6.1 Personal precautions, protective equipment and emergency procedures**

Not applicable

6.2 Environmental precautions

Not applicable

6.3 Methods and material for containment and cleaning up

Not applicable

SECTION 7: Handling and Storage**7.1 Precautions for safe handling**

This product is considered to be an article by OSHA which does not result in overexposure to a hazardous chemical under normal use conditions.

7.2 Conditions for safe storage including any incompatibilities

No special storage requirements.

SECTION 8: Exposure Controls/Personal Protection

This product is considered to be an article by OSHA which does not result in overexposure to a hazardous chemical under normal use conditions. As a result, no personal protective equipment or other controls are necessary under normal use.

SECTION 9: Physical and Chemical Properties**9.1 Information on basic physical and chemical properties**

Appearance	
Physical State	Solid Face Shield
Color	Clear face shield and silver visor
Odor	Nearly odorless
Odor threshold	Not applicable
pH	Not applicable
Melting Point	Not applicable
Boiling Point	Not applicable
Flash Point	Not applicable
Evaporation Rate	Not applicable
Flammability (solid, gas)	Not classified

Flammable Limits (LEL)	Not applicable
Flammable Limits (UEL)	Not applicable
Vapor Pressure	Not applicable
Vapor Density	Not applicable
Density	Not applicable
Specific Gravity	Not applicable
Solubility in Water	Not applicable
Solubility non-water	Not applicable
Partition coefficient: n-octanol/water	Not applicable
Autoignition temperature	Not applicable
Decomposition temperature	Not applicable
Viscosity	Not applicable
Percent volatile	Not applicable

SECTION 10: Stability and Reactivity

This article is considered to be non-reactive under normal use

SECTION 11: Toxicological Information

Inhalation:

No data available

Skin Contact:

No data available

Eye Contact:

No data available

Ingestion:

No data available

Additional Information:

No health hazard is expected under normal use in accordance with instructions. Altering or processing this article in any manner may affect performance and present a health or safety hazard.

SECTION 12: Ecological Information

This product is made from approximately 35% recycled material and is itself recyclable. Use and disposal of this product is unlikely to result in a significant release of components to the environment and any components released would have an insignificant environmental impact.

SECTION 13: Disposal Considerations

Dispose of article in accordance with the local/regional/national/international regulations. Product is recyclable.

SECTION 14: Transport Information

DOT: Not regulated

IATA: Not regulated

IMDG: Not regulated

SECTION 15: Regulatory Information

Chemical Inventories – As defined by TSCA regulation, this product is an article and is exempt from inventory requirements.

SECTION 16: Other Information

NFPA Hazard Classification:

Health – 0

Flammability – 1

Reactivity – 0

Special Hazards – None

National Fire Protection Association (NFPA) hazard ratings are designed for use by emergency response personnel to address the hazards that are presented by short-term, acute exposure to a material under conditions of fire, spill, or similar emergencies. Hazard ratings are primarily based on the inherent physical and toxic properties of the material but also include the toxic properties of combustion or decomposition products that are known to be generated in significant quantities.

Issue Date: May 4th, 2020

Supersedes Date: N/A
